Full/Part-time Sales Representatives (DS 280)

We are seeking an individual who will play a key role in growing sales in the agricultural market. Primary markets include dairy, poultry and hog farms. Existing networks in any of these areas would be an asset to build a customer base in your area. We offer competitive compensation; a number of different sales territories and flexible work hours.

Role:

- Provide sales and education to agricultural customers on power-correction and power quality
- Provide information to customers on solar installations and lighting retrofits
- Work directly with electricians to test power quality and asses best solutions for our customers
- Learn and provide key features and benefits information on equipment and work with customers to find solutions to their power and electrical problems
- Training and all sales material will be provided

Skills and Qualifications:

- Excellent sales/customer service skills
- Farming background is essential
- Familiar with motors and/electricity is an asset
- Must possess and maintain a positive attitude, acting as part of a team to deliver an exceptional customer experience.
- Valid driver's license and transportation is required
